M. Cary O'Neal (MediaAlpha@aol.com) writes:

FCC approval of Univision's purchase of its competitor constitutes criminal negligence pursuant to my previous filings objecting to the acquisition because of H. Jerrold Perenchio's holdings in Universal Music, Paramount Studios, The William Morris Agency, and many other media assets that give him a monopoly in US Spanish Broadcasting. A former federal agent says Perenchio is a member of the NY Gambino organization.
